EXECUTIVE SUMMARY

Senior Virtualization & Cloud Consultant with 18+ years of hands-on experience delivering enterprise-grade cloud and infrastructure solutions across hyperconverged platforms, hybrid cloud environments, and large-scale data center transformation programs. Deep expertise in VMware ESXi, Nutanix AHV, AWS cloud migration, and multi-cloud architecture. Proven track record of leading infrastructure teams, driving digital transformation, ensuring regulatory compliance (DGA, NCA), and aligning technology strategy with business objectives. Recognized as a trusted advisor for mission-critical environments requiring high availability, performance optimization, and operational resilience.

EXECUTIVE VALUE PROPOSITION

Trusted advisor for enterprise data center transformation and cloud migration initiatives	Proven ability to deliver high availability, performance optimization, and risk reduction across mission-critical environments
Strong experience managing large-scale environments supporting critical government and enterprise workloads	Deep expertise in aligning infrastructure with governance frameworks (DGA, NCA) and business continuity requirements

CORE COMPETENCIES

◆ Hybrid Hypervisor Management (VMware ESXi / Nutanix AHV) ◆ Infrastructure Lifecycle Management (LCM, Patching) ◆ Performance Optimization & Troubleshooting (L3/L4) ◆ Multi-Cloud Architecture (AWS / Hybrid Cloud) ◆ Cybersecurity & Business Continuity Planning ◆ Nutanix Enterprise AI (NAI) Infrastructure Platforms	◆ Hyperconverged Infrastructure (Nutanix, VxRail, Vblock) ◆ Full-Stack Monitoring & Observability ◆ Disaster Recovery & Backup (Zerto, Veeam, Veritas NetBackup) ◆ Data Center Transformation & Cloud Migration ◆ Landing Zone, Control Tower, Governance, Well-Architected Framework ◆ Vendor & Stakeholder Management	◆ Nutanix Prism Central, NDB & Unified Storage ◆ IT Asset & Patch Management (ManageEngine, Micro Focus) ◆ AWS Cloud Migration (Wave-Based, On-Prem to Cloud) ◆ DevOps ◆ Compliance & Governance (DGA, NCA) ◆ Nutanix Kubernetes Platform (NKP)

PROFESSIONAL EXPERIENCE

IT Infrastructure & Cloud Lead (Senior Virtualization Consultant)

MIS – Imam Mohammad Ibn Saud Islamic University, Riyadh

2017 – Present

- ▶ Own and operate mission-critical Nutanix-based hyperconverged infrastructure environments within large-scale mega projects, ensuring high availability, SLA compliance, and performance optimization.
- ▶ Lead enterprise-scale hybrid hypervisor environments (VMware ESXi and Nutanix AHV) supporting mission-critical government workloads across multiple clusters.
- ▶ Administer and optimize Nutanix environments including Prism Central, Nutanix Database Service (NDB), and unified storage services (Files, Volumes, Objects).
- ▶ Perform advanced L3/L4 troubleshooting for performance bottlenecks, latency issues, and infrastructure instability across virtualization and storage layers.
- ▶ Execute non-disruptive lifecycle management using Nutanix LCM and VMware patching strategies to ensure continuous operations.
- ▶ Implement full-stack monitoring and observability solutions for proactive issue detection and infrastructure visibility.

- ▶ Lead AWS wave-based migration programs from on-premises to cloud, including workload assessment, dependency mapping, and phased migration execution.
- ▶ Design and implement enterprise disaster recovery strategies using Zerto, Veeam, and Veritas NetBackup; integrate hybrid DR with Oracle Cloud environments.
- ▶ Ensure infrastructure compliance aligned with DGA and NCA regulatory frameworks across all cloud and on-premises environments.
- ▶ Oversee IaaS/SaaS cloud deployments, RFP/RFQ evaluations, and vendor management to ensure SLA compliance and service delivery excellence.
- ▶ Support infrastructure readiness for containerized and Kubernetes-based platforms at the infrastructure layer.
- ▶ Engage with stakeholders to align cloud infrastructure strategy with business goals, cost optimization, and risk management.

Infrastructure Team Leader

Jeraisy & CSS, Riyadh

2014 – 2017

-
- ▶ Led delivery of enterprise data center infrastructure projects across compute and storage domains for major telecom client (MCI).
 - ▶ Managed OSP Telecom (FTTH) and GIS-telecom infrastructure implementation projects.
 - ▶ Supervised and mentored technical teams ensuring successful delivery within scope, schedule, and budget.

Systems & GIS Engineer

MIS / Alfanoor IT / Various Organizations, Riyadh

2007 – 2014

-
- ▶ GIS System Engineer at MIS administered enterprise servers, storage, and network infrastructure.
 - ▶ GIS System Engineer at Alfanoor IT – delivered telecom and GIS infrastructure projects.

KEY ACHIEVEMENTS

-
- ▶ Managed enterprise-scale hyperconverged infrastructure within government mega projects supporting thousands of mission-critical workloads.
 - ▶ Delivered structured AWS wave-based migration programs transitioning on-premises workloads to cloud with zero unplanned downtime.
 - ▶ Reduced infrastructure downtime through proactive full-stack monitoring, advanced troubleshooting, and lifecycle management discipline.
 - ▶ Implemented enterprise-grade disaster recovery frameworks using Zerto, Veeam, and Veritas NetBackup, significantly improving resilience and RTO/RPO targets.
 - ▶ Drove operational efficiency improvements through DevOps automation (Ansible, Red Hat) and IT asset lifecycle management.

CERTIFICATIONS & PROFESSIONAL TRAINING

AWS Certifications

- ▶ AWS Certified Solutions Architect
- ▶ AWS Certified CloudOps Engineer
- ▶ AWS Cloud Technology Consultant Professional Certificate

Virtualization, Infrastructure & Cloud

- ▶ Nutanix NCP-MCI – Nutanix Cloud Professional
- ▶ Dell VxRail 8.0.x Administration & Security Configuration
- ▶ Veritas NetBackup 10.0 Administration
- ▶ Red Hat Enterprise Linux Administration, Automation with Ansible & Performance Tuning
- ▶ Red Hat Satellite 6 Administration
- ▶ Nutanix Database Management & Automation (NDMA)
- ▶ Machine Learning Engineer
